Big Deals in Hilo Railroad and Government Bonds

Two hundred thousand dollars' worth of Hilo Railroad Company's six per cent bonds were sold at par today. M. Waterhouse & Co. effected the transaction, selling \$170,000 to the Robinson Estate and retaining \$30,000 for themselves.

In order to negotiate the deal it was necessary to sell \$170,000 of Hawaiian Government 6 per cent bonds, which were purchased by the Bank of Hawaii. The meaning of the entire transaction is that cash from outside is obtained for Hawaiian bonds in anticipation of their being paid by the United States Government, which cash immediately goes into large local development enterprises. In this case \$170,000 goes to the island of Hawaii for distribution in liquidating contracts, labor and supply bills, etc.

H. Waterhouse & Co. are negotiating for the sale of \$200,000 more of Government bonds, the proceeds of which will go into Hawaiian enterprises.

CORNER ON STAMPS.

Someone went to the Post Office this forenoon and bought all the 12 cent Hawaiian stamps left in the safe, the sum paid in being in the neighborhood of \$5000. Postmaster General Out, was asked as to the identity of the buyer, stated that he could not divulge it just now.

It is stated on good authority that the value of the 12 cent stamps has advanced to 20 cents. There has been quite a run on this particular denomination for some time past.

Poor Little Doggie.

Another afternoon paper announced a couple of days ago the rescue of a poor little doggie many miles off the shore of Kaula, swimming for dear life and just on the point of going down "the third time." Somebody evidently played a trick on the reporter, for the little doggie was picked up in the harbor.

President Dole announced to the Executive Council this morning that he had received Gardner K. Wilder's resignation as Circuit Judge of the Third and Fourth Judicial Circuits. These are the two circuits of the island of Hawaii. The filling of the vacancies is to be for each of the circuits is to have a separate Judge—is the prerogative of the President of the United States.

FAMILY TROUBLES AIRED.

Mr. Markel, the Punahou dairyman, and his wife, figured quite prominently in the Police Court this morning, the charge against the former being assault and battery on the latter.

Mrs. Markel stated on the witness stand that on last Friday her husband told her to wash certain milk pails. She refused to do this and asked him if he thought her a servant. At this, he insisted that she wash the pails and upon refusing again, he chased her and threw a big stick at her. This struck her in the leg, causing severe bruises. Mr. Markel, taking the stand, stated that his wife had not attended to her duties at home, that she was abusive and had taken to drinking heavily of late. He chased after her because she told him three times in rapid succession to go to the infernal regions. While turning around to look at him, she ran against a tree and bruised her self in the leg.

Just here it became necessary for Judge Wilcox and Mr. Markel to go into the former's private room to examine the bruises on Mrs. Markel. Marshal Brown insisting that these had been made with something thrown from behind and not by contact with a tree.

Judge Wilcox suspended sentence on Mr. Markel for three months and tried to patch up the row but the two parties refused to come to terms.

When Mr. Markel was bewailing certain unfortunate happenings in the family, Judge Wilcox made the very apropos remark of "There is no use crying over spilt milk."

DEMOCRATS ARE SIZING UP

Wednesday Night Mass Meeting to Find Out Who's Who.

Dr. McGrew and C. J. McCarthy the Active Leaders—Speakers Scheduled for the Preliminary Work—Public Invited.

The Democrats of Honolulu have issued a call by general consent for a mass meeting to be held on next Wednesday evening. The use of the Drill Shed has been secured for the occasion and the arrangements are in the hands of Dr. J. S. McGrew and C. J. McCarthy.

Dr. McGrew said this morning that the main object of the meeting tomorrow evening would be to take steps for a preliminary organization of the Democratic Party in Hawaii, and to allow Democrats to get acquainted with one another. They wanted nobody except Democrats on the roll and they intended to find out "who were who," before appointments were made and delegates elected. The island and Honolulu would be divided into districts and precincts, but this work might be deferred until a future meeting. There was no slate prepared and would be none unless it was discovered by the Advertiser. The doctor said that he was himself uncertain who many of the Democrats were, but he was very certain there were a good many in Honolulu and the Islands, as the future elections would show. The Democrats did not intend to make the blunder of drawing the color line and they believed a portion of the natives would vote with them.

It is the intention to have a number of prominent Democrats address the meeting and others will be called upon from the audience. Among those mentioned to speak are Dr. J. S. McGrew, Chas. J. McCarthy and E. P. McClanahan. It was the original intention to have elected W. C. Wilder as chairman of the meeting, but owing to illness that gentleman will not be able to be present and another man for the position has not yet been selected.

The meeting will be held in the Drill Shed tomorrow evening at 7:30 o'clock.

Prepare for Sale

of the Royal Relics

R. J. Green is in charge of arrangements for displaying the relics of the late monarchy to be sold at auction on next Thursday at 10 o'clock. The articles are now being invoiced and labeled, and the display will be made in the Drill Shed immediately after the Democratic meeting on Wednesday evening. There are many pieces of furniture and some valuable pieces in the collection, among which was noticed the fine case of silverware, which was the gift of the French Government about the time of the coronation. Seven years ago when the invoice was taken of the present property and placed in Mr. Green's hands, a prominent gentleman in Honolulu, now dead, offered a handsome price for this particular case of silver, but was refused. The articles of the set will now probably be sold separately; they are all of the finest quality and in the best condition.

Mr. Wichman is at work today, at the request of the Minister of Finance, placing a value upon each article of silver ware, and it is probable that an upset price will be arranged for before the sale begins.

Since the arrangement and invoicing of the articles began E. K. Lillikalani, with a native assistant, has been present for the purpose of seeing that there are not any further articles belonging to the Kapiolani Estate or to Lillikalani among the lot. Nothing of importance has thus far been discovered. Several old native women were also present during the morning for the same purpose, and, if their story had been listened to they had a claim through some member of the former royal family upon every article in the room. Mr. Jas. Boyd of the Interior office succeeded in convincing the women that it was all "pau" and they finally left.

Kaahumanu Schoolhouse.

The Executive Council has recommended to the Commissioners of Public Instruction that the name of the new Beretania street school house be changed to be Kaahumanu school.

\$176,000 LAND TRANSFER

Beautiful Town Homestead of Dr. McGrew Is Sold.

Hon. Alex. Young and Bishop Estate Purchasers—Magnificent New Business Block—Sixty Foot Street

The old homestead of Dr. J. S. McGrew on Hotel street has been sold to Hon. Alexander Young and the Bishop Estate for a sum aggregating \$175,000; or this amount Dr. McGrew will receive \$150,000. This means the passing of the old social landmarks of old Honolulu made famous in the local and political history of the past three decades. The march of improvements following annexation will soon be seen in the block bounded by Hotel, Alakea, King and Fort streets, as will be seen by the following brief interviews given the Bulletin by Hon. Mr. Young and Mr. Dodge:

Hon. Alexander Young was seen today about the intended improvements on the McGrew property just purchased. He said: "The Bishop Estate and myself will put a street through from Hotel to King streets. The new street will be sixty feet wide. I will build on the East side of the new street, to be named hereafter, a row of buildings of the very best class, both fire and earthquake proof, with all the latest modern improvements. The buildings to be erected will have steel frames, and all the floor will be either of concrete or of tiling; they will be four stories in height and fitted with improved elevators and the block will have an electric plant of its own. The length of the street to be occupied by these buildings will be 458 feet frontage on the new street, with a frontage of 61 feet on King street and 151 feet on Hotel street.

"As yet I have made no definite arrangements as to plans or style of architecture; but while at the Coast I will look into these matters very closely and prepare for the immediate erection of the buildings. Wm. Mutch will have the control and superintendence of construction and will probably visit the Coast with me in two months from now for the purpose investigating the latest methods of construction adopted on the Mainland."

Mr. Dodge of the Bishop Estate said: "The Bishop estate retains control of the entire frontage on the Ewa side of the new street, amounting to 439 feet, the frontage on King street of 195 feet, and that on Hotel street of 82 feet; this land the estate proposes to subdivide in the near future. The Arlington House property will be vacated on the 31st of next August with the view to the erection of new buildings. A new hotel project is being considered, and, if proper terms can be secured, a new hotel building will be erected upon the north corner of King and the new street.

Administrator Removed.

Judge Gardner K. Wilder has ordered the removal of C. R. Collins as administrator of the estate of A. F. Collins, deceased, and has ordered that all money, property and effects of the estate be delivered to Daniel Porter, clerk of the Third and Fourth Circuit Courts. The motion was made by the Hilo Mercantile Company, Ltd., and the order, received in the Kinaiu, was filed May 4.

Mr. Vivas has been in very poor health for several months past and his doctor has advised a change. His stay on Hawaii is indefinite.

U. S. S. Iroquois.

It is expected that the Iroquois will leave for Midway Island Thursday or thereabouts. She is being fitted up anew and all the coal possible will be crowded into her bunkers. Seventy bags will also be placed on deck. Arriving at Midway Island, the Iroquois will very probably come to an anchor in some secluded spot and use her boats for the work which she goes to perform.

Make Gravel Fly.

By vote of the Executive Council today, the Minister of the Interior is authorized, until further notice, to draw from the appropriations for Honolulu roads and bridges at the rate of \$10,000 a month. This liberal expenditure ought to make road work lively in the city.

PUBLIC WORK HUSTLES.

Inquiries at the office of the Minister of Interior disclose that all the payrolls, under the appropriations passed by the Council of State and approved by President McKinley, are immediately available and work will be pushed in various directions at once. The pumping plant for Kalihi can now be paid for and the work thereon will be pushed to a finish. The work on the new Diamond Head reservoir, under the direction of the Superintendent of Public Works, will also go forward and the new harbor work provided for will probably begin as soon as Minister Young returns from his three weeks' vacation, beginning today.

Assault With a Knife.

Kanakaakui was arrested yesterday on the charge of assault with a knife on his wife. The case came up in the Police Court this forenoon and, when asked what he had to say, stated that he was drunk and knew nothing of his actions. The case was set for tomorrow to give defendant time to employ counsel.

The wife is cut in seven or eight different places in the face and her hands are also badly cut. She made a special appeal that Kanakaakui be kept in jail no matter how much money his relatives might put up to get her out. She was afraid the man would kill her.

At the Orpheum.

Hogan's new play "A Country Coon" was presented for the first time last evening to a large audience and was received most favorably. The piece is of the musical-comedy order and contains many humorous situations, some clever dialogue and many new songs and choruses for which Hogan has furnished the music. "A Country Coon" bids fair to be a success both in Honolulu and in the States. New scenery has been painted for the production and the play is well mounted.
